NEW YORK AND CHARLESTON. The steamship Champion, Captain R. W. Lockwood, has arrived after another of her famously pleasant passages. She brongin not merely a large in the spacious hall of the club was well atmerchandise freight, but a number of passen- tended. The music, furnished by Muller's celgers, so great as to indicate that our autumn | ebrated band, was excellent, and the many peaks trade and travel are about to commence in earnest. Invalids have already begun to make their way to Fiorida, and commercial travellers are showing their familiar faces in many of the wholesale establishments of the city. The Champion and her popular captain have always been favorites with the public. Sale, rapid and capacious, this steamship has acquired a reputation throughout the South which, in the dullest of seasons, insures for her a full share of business, and for the New York and Charleston Steamship Company an extended popularity in the South. Her consorts are the James Adger, Manhattan and Charleston, and, together, the little fleet moves

Yesterday the Schutzenplatz was crowded | with visitors, who had taken advantage of the festival arranged by the Schutzen Gesellschaft of this city to obtain a day of real enjoy-

grand prize shooting match; but the ball given News.] of lauguter, mingled with the merry tones of the dancers, lent to the scene that joyous charm peculiar to the festivities of our German tellow-citizens-a charm which every Charlestonian can fully appreciate.

The shooting also was good, and the targets, of which there were five, were pretty considerably riddled by the time that the contest was over.

THE SOUTH CAROLINA RAILROAD .- The officers of this road give notice that after to-day the privilege of using the thousand mile tickets issued by them will be limited strictly to the members of mercantile firms, and in no case will families be permitted to use them. THE AFFRAY ON SUNDAY NIGHT.

TO THE EDITOR OF THE NEWS. I hope you will spare a small space in your columns for a true and correct statement of the proceedings at my house on last Sunday

About seven o'clock in the evening a party composed of about ten colored men and one white man-all more or less intoxicated-rushed into my premises, and commenced a search a vessel in this port, which, by the way, is not true, as the officer in charge gave them Mr. Cyrus Fenwick addressed the meeting, hiberty to go. On my desiring to see a higher authority for searching my house, they informed me that they had none, and did not require any. On that I refused to let them proceed with the search. Shortly after, Trial gang of half-drunken ruffians, rushed in and insisted on searching my bouse, which they did in the most shameful manner. One of the crowd I nocked down an old man and kicked bim; the rest went up stairs and turned every article in my house upside down, smashing and breaking as they went along, Mackey himself beating my children with a cane, another threatening to blow my wife's brains out. After they had amused themselves that way for awhile they retired, and returned again shortly, repeating the same dastardly conduct. Now, gentle nen, in the name of law and order, I would ask what is a man to do in such a case? I have a large family, and all my children are small; my wife is just getting over her confinement, and here are a set of drunken ruffians, aided by what they call the law, taking charge of my house, breaking, smashing, and stealing what they feel like, and, when an appeal is made to the ringleader, he says, "If you have movey you can get out of it; if not,

you must stand the consequences." If this way of abusing authority and violating the rights of citizens don't soon change, God have mercy on our old Palmetto State, Your humble servant, and on

RICHARD MURPHY. IIt is proper to add that Mr. Mackey declares that the charges contained in the foregoing letter-excepting the fact that Mr. Murphy s The main feature of the day's sport was a house was searched—are wholly untrue.—ED.

BEAR IN MIND .- WHEN THE disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution, and the ravages of this enemy to health are truly alarming. For all such maladies HOSTETTER'S STOMACH BIT-TERS have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, se often complained of by persons of a delicate temperament. As soon as digestion is restored. the patient finds his strength increasing, and his general health improved.

Thousands of persons certify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The generality of Bitters are so disagreeable to the aste that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and extremely pleasant. Balsamic plants, barks and roots contribute their restorative juices to render it sooth ing and strengthening. Its basis is the only pure stimulant which has ever been produced, containing no fusit oil, or any other deleterious element. The most careful and skilful chemists have analyzed the Bitters, and pronounce them narmless. This is scientific testimony; but the testimony of the hundreds of thousands who have experienced the preventive, and curative effects of the Great Vegetable Tonic and Alterative of modern times is still more conclusive. In Fever and Ague, Dyspepsia, Billousness, Nervous Complaints, Chronic Complaints and General Debility, it is as nearly infallible as anything in this fallible world can be.
